

City Planners OK Loading Dock, Replats

By Eugenia Estes Staff Writer 3 hrs ago

The Greeneville Regional Planning Commission on Tuesday approved an addition of loading docks at the Chasan Industrial Complex.

The facility at 1915 Snapps Ferry Road, familiar to many as the former Magnavox Plant 3, has 15 tenants. A plot plan for adding two loading docks to the Industrial Road-side of the property was approved by the commission.

In other business, the planning commission authorized three plats that involved changes necessary to clean up lot lines.
